If history and archaeology are your thing then the Heritage Centre is worth a visit. You can find out about Henley in medieval times and there's a good Reading Room as well.

C4 "Time Team" Visit Henley "Mount"

Just behind the High Street (down Beaudesert Lane) lies the "Mount" which was once the site of Henley's castle. Sadly it's no longer there but the site was recently excavated by the Channel 4 "Time Team"

The model of what the castle would have looked like is now in the Heritage Centre (see above)

Henley Ice Cream Parlour

This is a definite "MUST DO"!

The "Clotted Cream" is a personal favourite, but there are so many delicious flavours to choose from!

Yew Tree Farm
Stratford Road, Wootton Wawen

This is a nice place to visit for an hour or so. There are some one-off little shops including a lovely jeweller, a beautiful lingerie shop and also a boutique selling "surfer" gear including Weird Fish.

Leave space for a slice of homemade cake from the Teashop!
